

OUR DOCTORS

Dr Wei-Sen Lam

MBBS, FRACP, MHA
Oncologist

Dr Wei-Sen Lam is a medical oncologist who treats a broad range of cancer with interests in lung cancer and melanoma. Dr Lam graduated from University of Western Australia and completed his specialist training at Fiona Stanley and Sir Charles Gairdner Hospital.

Wei-Sen has a keen interest in research and is actively involved in clinical trials. Dr Lam was a successful recipient of the WA Cancer and Palliative Care Network Fellowship and is a principal investigator in several lung cancer trials at Fiona Stanley Hospital. Dr Lam is actively involved in education as the co-chair for WA Clinical Oncology Group (WACOG).

Dr Lam's special interests are:

- **Lung, Mesothelioma, Melanoma and Breast Cancer**
- **Upper GI Tumours and Colorectal**
- **Prostate**

He also has a Masters of Health Administration with Monash University and is currently the Director of Teletrials for WA Country Health Service. He is passionate for improving cancer services for rural and remote WA and is known for his kind and approachable manner.
